

**German metal Surface treatment Chemicals Co.**

Research and Development Department

Certificate of Registration  
No: SA-10071-QMS

## **MATERIAL SAFETY DATA SHEET**

### **Sugest CAPB 30H**

# **Coco Amido Propyle Betaine 30% High pH**

#### **MANUFACTURER:**

**German metal surface treatment (SUGEST)**

P.O. Box 2951,Riyadh 11461,K.S.A.

[Tel:\(00966\) \(01\) 4647711](tel:00966014647711) (20 Lines)

Fax:(00966) (01) 2170866

#### **1. Product and Company Identification**

NAME	<b>Sugest CAPB30H</b>
USE	detergents and cosmetics
LABEL	<b>Sugest CAPB30H</b>
Company	German metal surface treatment chemicals co.

#### **2. Description:**

**Sugest CAPB30H** is excellent material to enhance viscosity for detergents and it can be used with anionic and cationic surfactant as amphoteric surfactant

#### **3. Chemical Composition**

This product has no hazard component

#### **4. Application**

**Sugest CAPB30H** is used as amphoteric surfactant as viscosity modifier, Foamer, detergency and emollient

## German metal Surface treatment Chemicals Co.

Research and Development Department

Certificate of Registration  
No: SA-10071-QMS

### 5. Physical & Chemical Properties

Test	Specification
Description	Clear slight yellow Liquid
color	Max. 200
PH at 25 °C	11.5 -12.5
Density at 25 °C	1.05±0.02
ASSAY %	28 - 32
NaCl %	4.5 - 6
free Amido amine content %	MW (302) max. 0.5
Moisture %	60.5 - 64.5
Alkalinity to ph.ph end point total (% as NaOH)	Max. 0.25%

### 6. Hazards Identification

Classified as no hazard

#### Emergency Overview

-----  
toxicity and hazard information not available  
-----

#### Inhalation:

not applicable

**Harmful or fatal if swelled .**

#### Skin Contact:

not irritant to skin

#### Chronic Exposure:

No information found.

#### Aggravation of Pre-existing Conditions:

None known .

### 7. First Aid Measures

#### Inhalation:

not applicable.

## German metal Surface treatment Chemicals Co.

### Research and Development Department

Certificate of Registration  
No: SA-10071-QMS

#### Ingestion:

drink plenty of water

#### Skin Contact:

wash the skin immediately with soap and water.

#### Eye Contact:

Immediately flush eyes with plenty of warm water for at least 15 minutes, lifting lower and upper eyelids occasionally. Get medical attention, immediately.

### REACTIVITY DATA

#### STABILITY:

Stable under normal conditions

### 8. Fire Fighting Measures

#### Fire:

This product is non –combustible

#### Explosion:

Not considered to be an explosion hazard. At low concentration

#### Fire Extinguishing Media:

Use any means suitable for extinguishing surrounding fire.(flood with water ).

#### Special Information:

In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode.

### 9. Accidental Release Measures

#### Release note |

dilute with large volume of water

#### b- Environmental precaution

Residual **Sugest CAPB30H** is transferred to new empty can for the second use under restricted condition

### 10. Handling and Storage

Keep in a tightly closed container. Protect from physical damage. Store in a cool, dry, ventilated area away from sources of heat, moisture and incompatibilities agents. Use only with appropriate protective equipment. Do not use in unventilated areas, walk in coolers or confined spaces. observe all warnings and precautions listed for the product.

**Sugest CAPB30H** is stored only in vented containers and transferred only in a prescribed manner and never return unused **Sugest CAPB30H** to original container, empty drums should be triple rinsed with water before discarding.

**Storage** store drum in cool area out of direct sunlight and away from combustible, for bulk storage refer to FMC technical bulletins.

### SUGEST

#### 11. Exposure Controls/Personal Protection

Exposure control                      avoid eye and skin contact

Personal protection                wears gloves, goggles and overalls when handling the material

##### Ventilation System:

A system of local and/or general exhaust is recommended to keep employee exposures below the Airborne Exposure Limits. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at its source, preventing dispersion of it into the general work area.

##### Skin Protection:

Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact. (neoprene, polyvinyl chloride)

##### Eye Protection:

Use chemical safety goggles and/or full face shield where dusting or splashing of solutions is possible. Maintain eye wash fountain and quick-drench facilities in work area.

#### 12. Stability and Reactivity

##### Stability:

stable at normal condition:

**Hazardous Polymerization:** will not occur

**Material to avoid:** none

#### 13. Disposal Considerations

Disposal method : undiluted product is regulated under environmental and transportation laws as irritants .disposal of according to all federal ,state and local authorities for restrictions on disposal of chemical waste ,manage chemical, waste through an approved waste treatment facility , do not reuse empty container ,rinse empty container with water before discarding , container in accordance with current local community codes please recycle empty container whenever possible

#### 14. Transport Information

No restricted

#### 15. Other Information

##### Label Hazard Warning:

WARNING! HARMFUL IF SWALLOWED OR INHALED.

##### Label Precautions:

Avoid contact with eyes, skin and clothing.

Avoid breathing fume.

Keep container closed.

Use only with adequate ventilation.

Wash thoroughly after handling.

**German metal Surface treatment Chemicals Co.****Research and Development Department**Certificate of Registration  
No: SA-10071-QMS**Label First Aid:**

If swallowed, induce vomiting immediately as directed by medical personnel. Give milk or water. If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. In case of contact, wipe off excess material from skin then immediately flush eyes or skin with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Wash clothing before reuse. In all cases, get medical attention.

**16. Packing type :**

HDPE Containers
