## Duraclean 255

### MANUFACTURER:

German Metal Surface Treatment Chemical Co (SUGEST)

P.O. Box 2951, Riyadh 11461, K.S.A. Tel:

(00966) (011) 4647711 (20 Lines)

Fax: (00966) (011) 2170866

---

### 1. Product and Company Identification

NAME Duraclean 255  
USE Used for cleaning and degreasing with activation for steel.  
LABEL Duraclean 255  
Company German Metal Surface Treatment Chemicals Co.

---

### 2. Description:

**Duraclean 255** is a homogeneous alkaline powder product with special detergents to clean the substrates. **Duraclean 255** is most suitable for Iron steel, to clean and activate the substrate in zinc phosphate line.

---

### 3. Chemical Composition

Ingredient	CAS No	Percent by weight
Soda ash Dense	497-19-8	40 - 50
Surfactant	Proprietary	3 - 10

---

### 4. Application

**Duraclean 255** is an unique alkaline powder with dual function, it is clean and degrease the surface of steel and in same time activate and prepare the surface for zinc phosphate deposition.

---

### 5. Physical & Chemical Properties

Appearance free flowing powder  
Color White  
PH (1% sol.) at 25 °C 11.3 ±0.2  
Total Alkaline Points (1%) 12.6 ± 0.3  
Free Alkaline Points (1%) 4.6 ± 0.3  
Foam Test (1%) 60±20 ml

## 6. Hazards Identification

This product is an irritant to eye and skin (corrosive, Harmful)

### Emergency Overview

-----

Chemical material cause irritant to eye and skin at concentrated liquid solution.

### Potential Health Effects

-----

#### Inhalation:

Harmful or fatal if swelled.

#### Skin Contact:

Irritant will cause permanent skin damage, may cause sensitization by skin contact,

#### Eye Contact:

Causes irritation, and pain. Contact may cause tissue eye damage.

#### Chronic Exposure:

Chronic inhalation may cause serious problems the lungs.

---

## 7. First Aid Measures

### Eye Contact:

Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention immediately.

### Skin Contact:

In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Cover the irritated skin with an emollient. Wash clothing before reuse, clean shoes before reuse. Get medical attention immediately.

### Inhalation:

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention immediately.

### Ingestion:

Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Loosen tight clothing such as a collar, tie, belt or waistband. Get medical attention if symptoms appear.

---

## 8. Fire Fighting Measures

### Fire:

This product is non – combustible.

### Explosion:

Not considered to be an explosion hazard at low concentration

### Fire Extinguishing Media:

Use any means suitable for extinguishing surrounding fire.(flood with water ).

### Special information:

In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode.

# Material Safety Data Sheet

## 9. Accidental Release Measures

### A- Release note:

Dilute with large volume of water.

### B- Environmental precaution

Residual **Duraclean 255** are transferred to new empty bag for the second use under restricted condition.

## 10. Storage Information

<b>Storage &amp; Handling</b>	Keep bags tightly closed. Keep bags in a cool, well-ventilated area. Do not expose to direct sun. Stable nonflammable product. Avoid store near acids , alcoholic, reducing materials Store in temperature not above 40°C. Observe all warnings and precautions listed for the product. <b>Duraclean 255</b> is stored only in polypropylene lined bags and transferred only in a prescribed manner and never return unused <b>Duraclean 255</b> to original bag.
<b>Shelf Life</b>	Two years from date of production if stored in normal condition.

## 11. Exposure Controls/Personal Protection

Exposure control avoid eye and skin contact.

Personal protection wears gloves, goggles and overalls when handling the material.

### Ventilation System:

A system of local and/or general exhaust is recommended to keep employee exposures below the Airborne Exposure Limits. Local exhaust ventilation is generally preferred because it can control the emissions of the contaminant at its source, preventing dispersion of it into the general work area. Please refer to the ACGIH document, *Industrial Ventilation, a Manual of Recommended Practices*, most recent edition, for details.

### Skin Protection:

Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact. (Neoprene, polyvinyl chloride).

### Eye Protection:

Use chemical safety goggles and/or full face shield where splashing of solutions is possible. Maintain eye wash fountain and quick-drench facilities in work area.

## 12. Stability and Reactivity

### Stability

Stable at normal condition.

### Reactivity Data

Stable under normal conditions

### Hazardous Polymerization:

Will not occur, avoid mix with acid.

---

## 13. Disposal Considerations

Disposal method: Undiluted product is regulated under environmental and transportation laws as corrosive and harmful. Disposal according to all laws, local and global authorities for restrictions on disposal of chemical waste, manage chemical, waste through an approved waste treatment facility, do not reuse empty container, rinse empty container with water before discarding container in accordance with current local community codes please recycle empty container whenever possible.

---

## 14. Transport information

Non hazardous.

---

## 15. Other Information

### Label Hazard Warning:

WARNING! HARMFUL IF SWALLOWED OR INHALED.

### Label Precautions:

Avoid contact with eyes, skin and clothing.

Avoid breathing fume.

Keep container closed.

Use only with adequate ventilation.

Wash thoroughly after handling.

### Label First Aid:

If swallowed, induce vomiting immediately as directed by medical personnel. Give milk or water. If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. In case of contact, wipe off excess material from skin then immediately flush eyes or skin with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Wash clothing before reuse. In all cases, get medical attention.

---

## 16. Packing Type:

Duraclean 255 is packed in Woven polypropylene lined bags.

Duraclean 255 is available in 25 kg bag.
